Education

KTH

MSc Software Engineering of Distributed Systems, Stockholm
Distributed systems, peer-to-peer technology and network programming.
2013–2015 (Expected)

University of Gothenburg

BSc Computer Science, Gothenburg
Broad computer science bachelor. Courses ranging from machine level programming to concurrency and databases. I specialized in functional programming during the last year.
2010–2013

University of Glasgow

Erasmus Exchange, Glasgow
I spent one semester in Glasgow taking courses in functional programming, algorithms and programming language theory.
Aug 2012–Dec 2012

Experience

Work Experience

KTH

Teaching Assistant Stockholm
Sep 2014–Oct 2014
Assisted master students with the course *Distributed Systems, Basic Course*. I helped setting up Erlang and answering questions on how to use Functional Programming and Erlang to solve the course assignments.

Tail-f Systems

Summer Intern Stockholm
Jun 2014–Aug 2014
Python, Erlang, Compilers.

Crispin Porter Bogusky

Interactive Developer Gothenburg
Jun 2009–Aug 2010
Followed to Crispin Porter Bogusky when Daddy Production (below) was acquired. I worked here during various school breaks until 2012.

Daddy Production

Flash Developer Gothenburg
Feb 2008–Jun 2009
Front-end developer mainly using ActionScript 2/3. Produced advertising campaign sites and banners.

Lightmaker

Technical Designer Intern Amsterdam
Sep 2007–Dec 2007
Web development. I did this right after High School with no other formal education.

Vectuz Webworks

Freelance Web Developer (Part Time) Mjölby
Oct 2006–Feb 2007
Working with web development in spare time during high school.

Volunteering.....

Software Passion Summit	Gothenburg
<i>Room Responsible</i>	2012
Software Passion Summit was a technology conference focusing on development and testing.	
University of Gothenburg	Gothenburg
<i>Student Representative</i>	2011
Working on improving the course quality on courses <i>Testing Debugging Verification</i> and <i>Project course</i> .	
Flash In The Can	Amsterdam
<i>Assistant Stage Manager</i>	2010
FITC is a design and technology conference. I helped the Stage Manager of the venue's second largest stage keeping track of presenters, schedules and other volunteers.	

Software

Proficiency between 0 & 10:

Distributed Systems: 7/10

Databases (RDBMS & NoSQL): 6/10

Testing (Unit Testing & QuickCheck): 5/10

OOP: 6/10

Functional Programming: 8/10

Haskell: 8/10

Erlang/OTP: 6/10

Python: 9/10

Java: 5/10

ActionScript 2/3: 10/10

C/C++: 4/10

Extra

Driver's License: B

Swedish: Native

English: Full professional proficiency
